WE PUT PEOPLE ON THEIR FEET

Empowering Independence and Mobility

Welcome to Pragma System Global, the leading manufacturer of innovative rehabilitation equipment and accessories. Our flagship product, the Pragma System, is transforming lives and unlocking the potential of patients worldwide.

Discover the Pragma System Difference

- **Revolutionary Hoist System:**

Our ingenious tubing rubber hoist system enables upright positioning and gait training, allowing patients to exercise in positions impossible with other physical therapy equipment.

- **Versatility for All:**

The Pragma System can be used by anyone, regardless of age or size. It offers comprehensive support for a wide range of disabilities and conditions.

- **Unparalleled Therapeutic Benefits:**

With the Pragma System, patients can perform exercises independently, promoting engagement, motivation, and active participation in their rehabilitation journey.

- **Durability and Quality:**

Our device is built to last, providing trouble-free operation and serving for many years. Say goodbye to additional accessory purchases – the Pragma System has it all.

Unlocking Potential, Transforming Lives

The Pragma System offers remarkable therapeutic outcomes across various conditions, including:

- **Successful Recovery in Challenging Cases:**
From severe spinal injuries to strokes and traffic accidents, the Pragma System has been instrumental in restoring maximum functions and enhancing the quality of life.
- **Empowering Neurological Rehabilitation:**
Patients with chronic neurological and metabolic diseases experience maximized functional abilities and improved independence through Pragma System therapy.
- **Dedicated to Children Rehabilitation:**
Pragma System turns therapy into fun for children, providing a sense of freedom and independence that motivates them to actively participate in their rehabilitation.
